

Entrepreneurs benefit from EDGE196™'s network of global mentors, the EDGE196™ ecosystem of vetted service providers, and a single source of investment funding.

STARTUP ECOSYSTEM

EDGE196™ strives to create an innovator's ecosystem of capital, mentorship, and business support, by providing a platform to help startups achieve their fullest potential and leave a lasting impact on the world by improving the lives of the people they touch.

Through its ecosystem, EDGE196™ is building a supportive, all-inclusive economy that intelligently connects innovators, investors, and service providers.

Our goal is to fund 10,000 innovators over the next five years and use the EDGE196™ '3M Model' (Money, Mentorship, and Market Access) to drive our portfolio companies to success.

PARTNER NETWORK

An inclusive innovation system must have a global reach. A worldwide team of investors, technology consultants, and business leaders has been built, and has curated and engaged 100+ contributors and partner services spanning hundreds of cities and more than 70 countries.
